

Ashtray Ashley

Ashley is a stylish, sleek and narrow-space-friendly ashtray

The Ashley has a lid surface that is tilted towards the user, which makes it easier to extinguish and drop cigarettes into the receptacle. The tilted lid reduces water runoff into the receptacle and snow accumulation on top of it. The Viisto is wall-mounted.

The Ashley has a small opening and a tight structure, so cigarette butts quickly suffocate and smoke stays well inside the receptacle. The Ashley is easy to empty through a locked and hinged bottom hatch.

Made of stainless steel.

SKU: VT0335144

Specifications:
Värit: RST

Total capacity: 3,5 L

Materials: RST

Mounting options: Wall mount

Manufacturer: Lehtovuori
