

## NIPPON bench without backrest

Design by  
**Kersti Lootus**

Nippon is a simple bench with architecturally clear volumes that stands on two feet on the ground like peace itself. With its modesty it is suitable for different urban environments - has a balanced effect in a modern context and a discreet effect on a pretentious background appearing almost invisible.

Placing the benches repeatedly along the edge of the square or along the seafront promenade enhances the charm of the Nippon's bench simplicity.

# NIPPON bench without backrest

## FEATURES

Unpretentiously clean and minimalistic design.

Completely balanced shape with balanced legs makes the construction strong, stable and durable.

Its simplicity makes it suitable for both outdoor and indoor use.

A clever solution that hides all the fastening details and ensures pure surfaces.

The hot-dip galvanized and powder-coated steel frame and high-quality, knot-free wooden material makes the product very resistant to weather and use.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

## WOOD

The wood selection includes double layer oil coated knot-free thermo-treated ash and tropical wood. Tropical wood has no top coat.

Thermotreated ash (oiled)

Tropical wood

## METAL

The steel frame is available in hot-dip galvanized and powder coated finish. The hot-dip galvanizing is done according to ISO 1461:2009 standard.

RAL recommendation by designer:

RAL 7016 + graffiti protection

RAL 7039

RAL 9005

## INSTALLATION

Freestanding on a firm base.

Anchored to a firm foundation.

## DIMENSIONS

### Nippon bench without backrest - NIPJ200

Material marking in product code:
