

KAAR MINI bicycle parking

Kaar Mini bicycle parking is the ultimate solution for your little bicycle enthusiasts! Designed with your convenience in mind, the KAAR MINI offers a sleek and functional design that is both strong and durable.

The arches are attached to the frame which allows an easy installation without the need for anchoring to the ground, making it the perfect choice for anyone who values flexibility and convenience. And with the modularity of the Kaar Mini parking, you can easily extend the row to accommodate more bicycles as needed.

FEATURES

Kaar Mini bicycle parking is available as modules. The modularity allows to extend the parking lot as desired and needed.

Available modules:

Module with 2 arches – suitable for parking 2–4 bicycles.
Module with 4 arches – suitable for parking 4–8 bicycles.

Bicycles can be parked on both sides and the bicycles can easily be locked from the frame.

Possible to choose different RAL colors for the arches.

The hot-dip galvanized and powder-coated steel frame makes the product very resistant to weather and use.

EXTERY quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

MATERIAL AND FINISHING

The steel frame is available in hot-dip galvanized and powder coated finish. The hot-dip galvanizing is done according to ISO 1461:2009 standard.

RAL recommendation by designer:

RAL 1006

RAL 9001

RAL 6029

RAL 3001

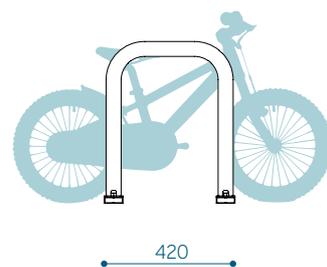

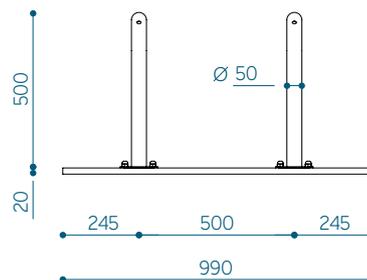

INSTALLATION

Fix with anchors on pavement or other firm ground.

Free-standing on a firm surface.
